TIFON POWER TROWELS 600/900/1200_

The wide range of power trowels from Enar is perfect for all the users' needs thanks to their differing sizes.

601

DESIGNED EUROPE FOR QUALITY & EFFICIENCY

These power trowels were designed to provide coverage across varying floor sizes. This means they are offered as 600mm and 1200mm as easy to use power trowels. They all have adjustable handles, a dead man's switch and control of the height of the trowels for varying surface levels.

Comfortable to control.

Each machine has a throttle to control the

acceleration of the power trowel which is

comfortably placed on the handle of the power

+ Throttle

trowel.

+ Eve Bolt

For lifting and transportation.

Every power trowel from Enar comes with an eye bolt allowing the user to lift the machinery and also allowing for easier transport.

+ Adjustable Handles Height for each user.

With the adjustable handle each user can freely move with the product without the stress as the trowel is at the preferred height.

+ Dead Man's Switch Safety First.

The dead man's switch system is incorporated in each power trowel. This is the automatic disconnection of the power in the machine when the handle is released.

+ Foldable Händle Storage made easy.

Designed to fold the handle in a position that makes transport and storage easier.
